Victory Loan Drive to Open Here Oct. 29

Antioch Quota Will be
\$80,000, \$5,000 Under
Last Drive

Antioch's quota has been set at \$80,000 for the Victory Loan drive which will open here Monday, Oct. 29, and continue through Saturday, Dec. 8. This is \$5,000 under the local quota for the Seventh War Loan drive, held May 14-June 30.

The quota for Antioch, as outlined in a letter from R. A. Burgess, Lake County War Finance chairman, Division "A", to Otto S. Klass, chairman of the drive in Antioch township, includes the following:

Series E. bonds, \$45,000; other individual purchases, \$20,000; corporation purchases, \$15,000.

In announcing the drive, Klass commented: "Secretary Vinson said that he knew the American people could be counted upon to put over the final great Victory Bond drive."

"Secretary Vinson's statement told why a Victory Loan is necessary. 'Because we care for our fighting men,' he said, 'we must help to bring them home to a country prepared to show its gratitude.'"

Must Aid Wounded

"He pointed out that great sums must be spent in caring for the wounded and providing for their rehabilitation for months and even years to come."

"We have much to be thankful for. When you buy bonds you are investing your savings for future needs, and also by so doing you are doing your bit for those who did their share."

Arthur Dibble of Johnsburg Passes Away in Woodstock

Former Antioch Man Succumbs to Lingering Illness at 61

Antioch friends of Arthur C. Dibble, 61, of Johnsburg, formerly a resident here, paid their final tributes to him at services held in the Strang Funeral home Wednesday morning at 10 o'clock. The Rev. A. D. McKay officiated at the rites, which were followed with interment in Liberty cemetery.

Dibble passed away Sunday at 10 p. m. in the Woodstock hospital, after a lingering illness. He was a barber by trade and had also been a tavern owner.

He was born in Trevor, Wis., Dec. 21, 1884, and was the son of Susan and Percival Dibble. Before moving to Johnsburg seven years ago, he lived in Antioch.

He is survived by his wife, Alice; their daughters, Mrs. Michael Young, Waukegan, and Mrs. Jacob Van Leur, Chicago; a son, Harold, of Waukegan, and three grandchildren.

Two brothers, Walter and Frank Dibble, are residents of Antioch; a third brother, Sidney, is a Lake Villa resident, and another brother, Frank, lives in Indianapolis, Ind.

Silver Weddings of Two Couples to Be Honored Sunday

The silver wedding anniversaries of two couples, Mr. and Mrs. Anton Johnson and Mr. and Mrs. F. A. Swenson, are the incentive for an "Open House" to be held by Mr. and Mrs. C. L. Heath at their home, 909 Main street, Sunday afternoon commencing at 4 o'clock.

Mrs. (Maud) Johnson is president of the Antioch American Legion auxiliary. "Al" Swenson is commander of the Antioch Legion post, of which Heath is adjutant. Mrs. Heath is a past president of the auxiliary.

"GI JOE CAMP" WILL CONTINUE DURING WINTER

"Camp GI Joe" at Wilmot has been remodeled for the winter season, and veterans from various hospitals will be brought out to spend the weekend as guests there. More than 600 men were guests at the camp on weekends through the summer months. It is announced by L. J. Shudnow, owner of Riverside farm, on which the camp is located.

"100 Percent"

Mrs. John Stiehr of Wadsworth, chairman of the Suburban Division's Newport township committee for the Community War Fund drive, was the first Lake County chairman to become a member of the Division's One Hundred Percent club, having completed her campaign organization and accepted the \$1200 quota set as the committee's goal.

News of the Boys in Service

Home now from the service are Aviation Cadet Louis Koppen, Jr., and Pfc. Jacques Koppen, sons of Mr. and Mrs. Louis Koppen, 1025 Spafford street.

Louis, who entered the navy in January, 1942, spent a year overseas in the Pacific area. On his return to the States he became a naval aviation student in California, and was later transferred to Pensacola, Fla. He received his discharge Sept. 28 at Great Lakes.

Jacques was in five major battles in Germany—only to sustain a broken leg immediately after the end of the war. He received his discharge, on accumulated service points, Oct. 7 at Fort Custer, Mich., where he had been transferred from Hines hospital.

Russell Boehm, Pfc. 3/c, who served in the Sea Bees for 23 months in the South Pacific area, received his discharge Oct. 8 at Great Lakes. Boehm is a brother of Mrs. Koppen.

THINGS ARE TOUGH IN TOKYO, SAYS SORESENSEN

"Conditions over here are beyond describing. These days are in for a long, tough winter," Sgt. Ed Sorensen comments from Tokyo. "They have little or no housing left. This city, by their own estimates, is 85 percent flattened. I don't think they exaggerated."

"I suppose the bowling season is in full swing right now. Maybe before the winter season is over we will be able to enjoy a few games together," (Sgt. Sorensen expected to ship for home by Oct. 21.)

NAVY GRANTS DISCHARGE TO LT. E. H. KAUFMANN

Lt. E. H. Kaufmann received his discharge last week at Great Lakes, after nearly four years of service with the navy, including 22 months of sea duty. He and Mrs. Kaufmann and their little son David arrived here Oct. 5 from Port Chicago, Calif., and are visiting Lt. Kaufmann's parents, Mr. and Mrs. A. H. Kaufmann, North Main street. A brother, Pfc. Richard Kaufmann, is home on furlough from a year's service in the European area with the Seventh and Third armies. He has been in the service for two years.

FAMILIES OF RETURNING SERVICEMEN ARE ASKED TO NOTIFY NEWSPAPER

Families of servicemen who are returning home or who are receiving discharges are being requested by the Antioch American Legion post and the Antioch News to notify them, in order that their subscriptions may be canceled.

Announcements have been received from APO and Fleet post offices that 8,630 weekly newspapers that are undeliverable are received each day. Because of their being second class mail, these periodicals are not forwarded, but are turned over to waste paper salvage.

It is believed that with more service units marked for return, the cooperation of families in either cancelling subscriptions or changing addresses in the case of men transferred to stations in the States or to different zones of occupation will help considerably in preventing this waste of paper.

Employment? Indeed, Yes!

At a time when there is quite a bit of foreboding of the gloomier sort going on, it is a pleasure to "go forth under the open sky and list to nature's teachings," as William Cullen Bryant advised.

One of the things that always impresses soldiers, apparently, is the way in which farmers often persist in carrying on their agrarian pursuits in close proximity to scenes of battle.

One reason for that, no doubt, is that seed time and harvest, like daily farm chores, wait for no man. Nature's rhythm is more inexorable than the edicts and activities of man.

Farmers, being close to nature, become aware of this and develop something of a fatalistic attitude.

The fighting may go one way or another, but conquerors or victims, people must be fed or go hungry. And the farmer, whether altruistic or just plain realistic, knows that he, at least, will have to get busy doing something about it—for he and his family can get just as hungry as anybody else. And he, at least, can do something about it.

In that respect he is fortunate, for the will, the ability and the opportunity to work seem to be helpful factors in promoting the well being of people.

From our observations during the war years, we would be tempted to say that farmers of this area had enough work on hand, most of the time, to make twice as many people happy—maybe more.

We suspect that quite a few of the men returning from the service to join the folks back home on the farm won't have to do much worrying about a post-war job. Like the farmer in a saying currently going the rounds, they won't have to go to work. They'll just wake up surrounded by it.

It's Really "Homecoming"

One of the nicer things about the end of the war is the little matter of being able to walk down the street and see a uniform without experiencing a twinge of sadness.

Antioch, in common with communities all over the land, is experiencing that grand thrill of seeing its sons, brothers and fathers come back home.

There's a certain diffidence on both sides sometimes—almost an apology for being so pleased about it. We don't know whether it's because it still seems unreal, as though this happiness could still be snatched

away by the fortunes of war; whether it's because it seems so natural and yet so strange to see some of those familiar faces again—or whether there is a lingering thought to those who didn't get back or who are paying the price of victory in injuries or illness.

Maybe a little of all of them, plus a certain natural shyness due to long separations that have taken the young men of the land to far countries and differing surroundings, while the passage of time itself has wrought some changes both in those who left and those who stayed at home.

With all the talk of "post-war plans" that has been going on practically ever since the war began, it was still a strange experience to have a world-wide conflict stopped in mid-career in such dramatic fashion—blasted to a halt by atom bombs. In a heavenly sort of way it was even, one might put it, disconcerting. We can't quite realize that the heavy burden has been lifted, and once in a while we can't resist a quick look around to make sure that it is really gone.

Right now, we seem to be living in the midst of a little pause, just before we start wrestling with the problems of peace.

We know there are going to be plenty of them, but it seems like we'd be just plain ungrateful not to save a minute or two now and then for feeling happy over the blessings we do have. And to thank those who made them possible for us, but can't be with us to enjoy them.

Freedom is Durable

One of the anomalies of the American occupation of Japan has been the apparent relief with which some of the people there—in fact, quite a lot of them—have been showing over the whole thing.

Not overlooking the idea that some of this may be due to the earlier-announced Japanese long-term plan of war, negotiated peace and more war for a hundred years or so, nevertheless some of the folks there seem to be getting quite a kick out of the privilege of speaking their minds.

The phenomenon has not been exactly confined to Japan. Something of the sort was seen, and on a more outspoken scale, in the attitude of those very willing Italian prisoners of war back in the days when the tides of battle first began to turn against the Axis.

And there were many in Germany who seemed more relieved than hostile.

Apparently the "totalitarian" countries were somewhat less totalitarian than the circumstances of war made them seem. Even under unparalleled circumstances of censorship and regimentation, freedom of human thought appears to have had a strong instinct for survival.

This in itself is more than a ray of hope for the world's future. It is a challenge and an encouragement to those facing the many difficult tasks to be encountered during the months and years ahead. It begins to look as though freedom is, in the long run, based on pretty durable human instincts.

F. under the leadership of Miss Enola Minnis took their collection of the year's harvest to Franksville, where it was placed on exhibit in the form of an immense pie, canned fruits forming the sectional lines. Competing with all churches in the Milwaukee suburb, the Salem group was awarded first place, receiving the Golden Cross, their products being valued at \$145.45. Why people enjoy living in Chicago and Northern Illinois

Whether you live in a city apartment easily accessible to your business... a home with a yard for the children in any of the attractive suburban communities... a country place... or a home in one of Northern Illinois' progressive smaller cities or towns, the finest recreational and cultural advantages in the nation are available to you.

For Chicago and Northern Illinois is truly a leading educational center of the world. Northwestern University, the University of Chicago—these are only the two largest of scores of outstanding institutions providing almost unlimited facilities for learning. Open to everyone are the thousands of fine churches, great libraries, the Chicago Art Institute, the Museum of Natural History, and the Museum of Science and Industry. The Shedd Aquarium, Adler Planetarium and Brookfield Zoological Park... the opera, the theatre, symphony music are here for your enjoyment.

And stretching westward from the Lake Michigan shore with its sandy beaches and excellent yacht harbors, 41,000 acres of parks and forest preserves await your holiday with horseback riding, picnicking, fishing, swimming, sailing and golf—more than 200 courses within 40 miles of the city. The beautiful valleys of the Fox and Rock Rivers, the inviting waters of numerous inland lakes—all are within easy reach by fine auto highways.

Two major league baseball clubs, college and professional football, the colorful Golden Gloves boxing tournament, the famous Mackinac Yacht races, the International Livestock Show—these are some of the many important competitions centering here. There are winter sports—skating, skiing, tobogganing, hockey, ice boating, duck shooting. Then, too, this area is within a day's drive or a few hours by plane of the Wisconsin, Michigan and Canadian fishing and resort country.

The great diversification of opportunity in Chicago and Northern Illinois allows people to follow the kind of work they like... to live where and as they like... to play and relax as they like. This is why people enjoy living in Chicago and Northern Illinois.

Old-time costumes provided a surprise finale and a delightful contrast to the new fall modes in a style show presented by MarieAnne's for 55 members and guests of the Antioch Woman's club Monday afternoon in the home of Mrs. L. C. Scott, Antioch township.

On the hostess committee for the afternoon with Mrs. Scott were Mmes. L. V. Madden, Myrus Nelson and L. J. Zimmerman.

Models for the style show included Mmes. H. J. Brogan, Ralph Thompson, Dudley Kennedy, Einar Petersen, and Edmund F. Vos and Miss Joan Felter.

Pfc. Leslie Hanke reported back to O'Reilly hospital, Mo., last Thursday after spending a 30-day furlough here with his mother, Mrs. Nellie Hanke.

Mr. and Mrs. Clifford Gartley and Mrs. Hanke made the return journey with him, by automobile, and took him on a trip through the Ozark mountains when he was granted a pass on the following day.

HENRY PAPE, JR., HOME FROM MANILA
Sgt. Henry Pape, Jr., arrived home Sunday night for a nine-day furlough previous to reporting at Fort Sheridan Oct. 23 to receive his discharge. Sgt. Pape, who came here from Manila, had been overseas for 30 months. He would have been in the service four years this coming January.

Things have changed a bit, and for the better, in the opinion of Ray L. Lasco—

"It has been quite a while since I wrote to you. The last time was in a fox hole on a Sunday afternoon. We were getting ready to cross the Rhine river.

"The 89th division never got to Berlin. We were 70 miles from there when E Day came. We only saw 57 days of action and I was glad to see the war end.

"We came back to Camp Twenty Grand, France, the first of June. The last four months we have been processing troops that are going to the States. Our main job here is guarding prisoners of war. There are several thousand Germans here.

"I hope to be home for Christmas. Our division got sailing orders last week for the end of October. I sure hope they don't change.

"It rains here almost every other day and is plenty cold. At night we use three blankets in order to keep warm. The French can have every bit of this country. I will take Lake county any day of the week.

"I have seen thousands of guys come through this camp, but none from Antioch. We are located 45 miles from Le Havre and 12 miles from Rouen, a pretty good city.

"I have been getting the News every week and I sure enjoy it. The first thing I look for is the News of the Boys in service.

"I will close for now, and hope to see you in two months."

Pfc. Otto Gussarson received his discharge Friday at Camp Grant, and has rejoined Mrs. Gussarson, (the former Audrey Eppers, to whom he was united in marriage last January in Waukegan,) here. Pfc. Gussarson returned to this country a year ago after six months' service in the Mediterranean area with the 36th Amphibious Engineers.

Lt. (j.g.) M. S. Pflager of Channel Lake has returned home after a tour of duty in the South Pacific area.

T/5 David O. Gifford has been released from the service after three and one-half years, of which three were spent overseas in the European theater of action.

Lt. Orville R. Winfield sends greetings from Columbus, O., before setting out on his return trip to Bristol, Wis.

"Just a line to let you know that I am being discharged and will be leaving here for home this weekend.

"I have enjoyed getting the paper very much and wish to thank the News and the Antioch American Legion for sending it.

"It has helped me keep in touch with things at home and with many of the fellows I know in the service."

Pvt. John H. Message arrived home last Thursday to visit his parents, Mr. and Mrs. J. Harry Message, en route to Langley field, Va.

LT. LT. GEORGE CERMAK IS HOME ON FURLOUGH

Mr. and Mrs. Peter Zalatoris recently had the pleasure of welcoming home their son-in-law, First Lt. George Cermak, who is on a 45-day furlough after spending ten months overseas in England, France and Belgium.

Lt. Cermak flew 31 missions, during which he earned the Air medal with four Oak Leaf clusters, a presidential citation and several ribbons from other nations.

He will be accompanied to Santa Ana, Calif., where he will report for duty at the conclusion of his furlough, by his wife, the former Jenny Zalatoris, and their son, Randy.

Mr. and Mrs. Zalatoris have received word that their son, Lt. William Zalatoris, is now flying C-46 and C-47 planes on the India-China route. He has sent his mother some beautiful samples of hand work from India.

A letter from Pfc. Ervin Barnstable, 36753464, Hq. of Hq. Co., 511th Prent. Inf., written from Yokohama, Honshu, Japan, to the "home folks" at Lake Villa is forwarded the News of the Boys column—

"Well, here I am at the end of the line. Arrived here a couple of days ago. Flew from Luzon to Okinawa, laid over a couple of days, then on to Otsugi airfield.

"Forty-five minutes after we had our orders to go to Tokyo, we were in the planes ready to take off, the fastest any outfit has ever moved.

"We were supposed to jump on the airfield here and check it to see if planes could land, but some pilot saved us the trouble and volunteered to land.

"I was in the first 3,000 paratroops to land.

"I spent my birthday in Okinawa. Hadsome Nip beer. It's like ours back home, only stronger.

"I saw the idol the Japanese worship. Am going to see the palace in Tokyo tomorrow.

"Say 'hello' to all the folks back home for me."

LT. THOMAS WILKINSON OF LAKE VILLA AWARDED AIR MEDAL POSTHUMOUSLY

Presentation of an Air medal awarded posthumously to First Lt. Thomas Wilkinson, Jr., of Lake Villa, took place recently in the home of his parents, Mr. and Mrs. Thomas Wilkinson.

Capt. Robert Willis of the Air Technical Service, Chicago, made the presentation. Capt. Jack Marietta, Fort Sheridan, was also present.

Lt. Wilkinson, a brother of Mrs. Bessie Wilkinson Brezina of Antioch, was killed in action over Italy April 19, 1945.

His citation states that the medal was awarded "for meritorious achievement while participating in aerial flight as pilot of a P-47 type aircraft. On March 7, 1945, Lt. Wilkinson flew in a flight of eight fighter bombers assigned to attack an ammunition dump near Suzzara, Italy. Executing a precision bomb run in the face of intense and accurate anti-aircraft fire, Lt. Wilkinson placed his bombs squarely on a reveted building, causing a terrific explosion.

"Further strafing attacks in face of continued enemy ground fire left four buildings in flames. When a large concentration of enemy troops and horsedrawn vehicles was observed, Lt. Wilkinson and the flight made several strafing attacks, in the face of intense small arms fire and anti-aircraft fire, destroying four ammunition wagons and damaging 10 others while one staff car was destroyed and five gun positions silenced.

"Lt. Wilkinson's expert marksmanship allowed him to share equally in the cumulative damage. His proficiency in combat and devotion to duty reflect great credit upon himself and the armed forces of the United States."

Lt. Wilkinson's parents earlier received a Purple Heart medal awarded to him.

He had been in the service for three and one-half years, having received his wings at Foster field, Tex., in February, 1944. He went overseas in October of the same year, serving as a Thunderbolt pilot.

He attended Grant Community High school and was afterward associated with his father in the blacksmith business.

Besides Mrs. Brezina, he is survived by two other sisters, Mrs. Peggy Boller of Waukegan and Mrs. Mary Giuda of Philadelphia, Pa.

Freshen Slip Covers

To keep a "new" look in slip covers, iron them on the wrong side. Baste pleats in place along the lower edge before washing—it makes ironing easier. Iron, then rip out basting, and steam press to remove basting marks.

Keep Machinery

Keep machinery in good condition; substitute disk and harrowing for plowing where possible; use long-lived varieties of legumes.

Something to remember when you say "Welcome Home!"

Some of our boys have waited years to hear those two words.

What they've endured for the sake of hearing them is more than we like to dwell upon.

But those two words, "Welcome Home!" can become just an empty phrase if you forget, for one minute, your responsibility to the man you say them to . . . and to the several million men overseas who are still yearning to come home.

What we're talking about, of course, is your

responsibility to continue buying Bonds—and holding on to the ones you already have.

Your purchase of Victory Bonds helps the man who's just come home, helps him in a very real way. For your money, in Victory Bonds, helps prevent inflation—and that, in turn, means security for him, and a better chance to get a job.

And remember this: It will cost plenty of money to maintain and supply our forces of

occupation . . . to bring home the men whose period of service so richly entitles them to return . . . and to care for the sick and wounded in our Navy and Army hospitals.

No—the job isn't over. *You didn't think it was, did you?*

Then *show* that you know it isn't over! Show it to the boys who've come home—and to those who wish they could—by buying another Bond—today!

Library News

(By Marian Rigby)

Saturday morning at eleven o'clock, the Library will begin the winter series of story hours for the children.

In the field of historical novel, Rafael Sabatini has a niche all his own. "The Birth of Mischief" is a tale of love and adventure whose scene is a petty German court. In its intrigues and cruelty, the pattern of Prussian power is already forming.

"Wake of Glory" was written by two Air Corps officers, former newspapermen, who turned to fiction to express themselves and record the drama being played in European skies as a preliminary to invasion of the Continent. The authors, Jack Redding and Thor Smith, gathered their material at first hand. And the girl—well, Anne was just the girl every man away from home dreams about.

"Valley of Power" by Eleanor Buckles is the story of a young engineer, confronted with the problems that the building of the great TVA dam entailed. Chief of these problems, is the wild and beautiful red-

haired Sandrey and her father, leader of those who preferred to stay and drown rather than accept the comfortable farms the Government offers elsewhere.

Pfc. William Roche arrived home last week, having received his discharge from the armed service last Wednesday at Fort Sheridan.

He reached the States Sept. 28, aboard the Queen Mary, after spending 18 months overseas. Pfc. Roche, who was in the service four years in August, served in Italy with the 91st division.

He was wounded twice and was awarded the Cross of Lorraine by the French. He has two Bronze stars.

He has rejoined his wife and their baby daughter at Petite lake, where they have been spending the summer with his parents, Mr. and Mrs. Lawrence Roche.

A news release from Knox college at Galesburg, Ill., states that Donald James Bratrude has been pledged to the chapter of Sigma Nu, national social fraternity, there. Donald, who is a freshman, is the son of Capt. A. P. Bratrude, Army Medical corps, and Mrs. Bratrude, 543 Lake street.
